Oyen's New School Ready

Children Commence School Monday Next

We are glad to announce that the new school is now ready
and that school will commence on Monday, Dec. 16th,
in this beautiful new building.

There is not the slightest doubt that Oyen has now one of
the finest schools ever built in Alberta. The accommodation
provided in the new structure is as follows: Four class rooms,
23 feet 9 inches by 28 feet, being slightly in excess of the stand-
ard requirements for forty pupils, with cloak rooms to each
library, teacher's room, two large play rooms in the basement,
which are in every way suited for use as class rooms, should
later requirements demand, while for the present these will be
of great value for recreation, and also in the teaching of manual
training, domestic science, and physical culture. In the basem-
ent are also two ample store rooms, and the latest type of
furnace chamber, well lighted and ventilated, with coal storage
capacity of forty tons.

The outside dimensions of the building are 70 feet 10 inches
by 30 feet 10 inches and constructed as follows: Basement will
be of concrete and solid brick, with timber frame, brick ven-
eered walls over. The floors of the building are hardwood
(maple) throughout, except the basement, which has heavy
coating asphalt to the playgrounds, and concrete to the furnace
chamber and coal store.

The heating system comprising two of the largest size "Sun-
shine" furnaces, connected by a duct so that same may be
operated singly or together. Thus a large margin is provided
and it will never be necessary to force the furnaces, insuring
economy in the fuel bill, and ease in management and control.

The ventilating system is designed to change the air in each
class room six times per hour, providing 35 cubic feet of fresh
air per minute for each pupil. The system is so arranged that
after school hours or on cold mornings, dampers can be closed,
and the air re-circulated, thus maintaining warmth at small
cost, and permitting of speedy reheating in the morning.

The heating, lighting, ventilating and other features of the
fine building meet fully the requirements of the Department of
Education and other recognized authorities on school architec-
ture and construction.

An assembly platform, 30 feet by 12 feet, has been con-
structed of brick, and a walk to the street line, from the brick
salvaged from the old building. The site will be fenced and
levelled off and will present a neat attractive appearance.

The district was very fortunate in the selection of Thomas
Jamieson and McKenzie, Ltd., of Calgary, as contractors for
the erection of the building. This company placed Mr. Fraser
in charge as their local superintendent. They have produced
one of the finest buildings of its size in Alberta, meeting gen-
erously all requirements of the plans and specifications and
completing the building exactly on contract time, in the face
of many obstacles, and discouraging circumstances.

The plans were drawn by Holman & Mitchell, architects
of Calgary. The construction of the building was supervised
throughout by Mr. R. T. Holman, who has not spared time or
patience in the securing of a satisfactory job. Mr. Holman has
done his work well.

No insurance on the old building has yet been recovered,
and it is only right to state that the government has been most
fair in advancing 80 per cent. of the total loss sustained by the
burning of the former school building.

Mr. C. W. Gorman, school inspector of Calgary, represents
the department here in the capacity of official trustee of the
district, and the ratepayers owe him a debt of gratitude for the
way in which he has looked after their interests in getting this
splendid edifice erected in such a short space of time. Mr.
Gorman took over the duties as official trustee a very trying
time, and in spite of many obstacles, so made it possible that
the school be ready by December.

LOCAL ITEMS

The annual meeting of the
Rockdale Local U.F.A. will be
held at the Springburn School
house, on Saturday, Dec. 14th,
at 2 o'clock.

Sidney Rowall, of Excel, ex-
pects to move to Calgary for
the winter in the near future.

Rufus Cates and family
moved into town last week for
the winter.

Mr. Dave Joyce, who has
been on a business trip to Lem-
mon, South Dakota, returned
last week. Mr. Joyce expects
to leave in the near future for
that place and engage in the
cattle raising business.

Death of Mrs. Edna Johnston

It is with regret that we an-
nounce the death of Mrs. W.
C. Johnston, a well-known
farmer living south of Oyen,
which occurred at her home on
Monday night last from influ-
enza. The deceased leaves the
husband and three little chil-
dren to mourn her loss.

Meess, W. C. Johnston and
R. E. Gillespie accompanied the
body to Maymont, Sask., where
the interment will take place.

Jack Horna accepted a po-
sition on the staff of Freehold
and Co.

The Bank of Toronto have
opened a branch office at
Lanham, under the manage-
ment of Mr. Norman Toland,
formerly of the Oyen branch.

Guaranteed Underwear

Everything about Stan-
field's Unshrinkable Under-
wear is just right. It is
knitted in a big, modern,
sunbath mill—of the fin-
est materials in the world
—and is guaranteed abso-
lutely unshrinkable.

It comes in all desirable
winter weights, for men,
women and children.

You are sure to like the
snug fit, easy comfort and
long wear of Stanfield's
Underwear.

Prepare for winter now by buying your Fur coats,
Sleep coats, Mackinaw, Boots, Sox, Mitts, etc. We have
a good stock of these and at prices that will suit you.

Secure your winter's supply of Apples while the win-
ter is still mild. Many varieties to choose from.

We expect a carload of Robin Hood Flour and Feed
to arrive about Dec. 2nd. Try a sack of Flour 98lb. \$5.85.

WE INVITE YOU TO MAKE THIS STORE YOUR HEAD QUARTERS FOR HOLIDAY GIFTS. COME IN AND ROAM AROUND. YOU WILL BE MADE DOUBLY WELCOME, AND IN ADVANCE WISHING ONE AND ALL THE COMPLIMENTS OF THE SEASON.

OYEN Freeland & Co. ALTA.

THE FUTURE OF THE LIVE STOCK INDUSTRY

The arrival of peace has created new conditions in the export of meat and in place and some uncertainty in the minds of Canadian farmers as to future markets. Information in the hands of the Honorable T. A. Cregar, Minister of Agriculture, convinces him that the export market will continue to absorb all the products, as compared with the prices for all other agricultural products, every pound of beef, bacon and other animal products that Canada can supply. In discussing the situation the Honorable Mr. Cregar said: "In view of the great scarcity of cattle and live stock of all kind in Europe, and because of the great demand for live stock of all kinds sure to continue for some years at least, I am going to ask the farmers and live stock men of Canada to maintain their breeding operations on a war time scale, to properly finish all feeding stock, and to conserve all good breeding females, and to still further improve their herds and flocks by using even greater care in the selection of the sire."

THRIFT AND INDUSTRY

By thrift and industry the French people paid over the huge war indemnity of 1870 to Germany in an incredibly short space of time. The same thrift and industry, if exercised by Canadians now, will reconstruct and make Canada a prosperous country. To achieve this end there must be individual vigilance. Watch food

advertisements. There is always a best and cheapest place to buy any commodity. By watching the advertisements of foodstuffs in local papers, much can be accomplished. Merchants do not advertise unless the price and quality of the goods are attractive; they know they cannot retain the business of the public unless they "make good." Help the most progressive merchant in your locality by following his advertised prices and patronize him. Competition does more to regulate prices than anything else.

Excel Pioneer Passes Away.

A gloom was cast over the native community when the news became known of the death of Mr. Victor Shunn, which occurred at his home on Tuesday, Dec. 3rd. Mr. Shunn was fifty-three years of age and was a pioneer of the district, coming here in the year 1912 from Gregory, S. Dakota. The funeral was held last Thursday, at the Bunyanville cemetery when the Rev. L. E. Barnes conducted the funeral service.

Besides the wife, there are left three brothers, Robert, of Minneapolis, William of Silsbad, and Daniel of Oyen, his father Mr. Shunn of Silsbad, and four sisters, Miss Doll of Silsbad, Mrs. C. E. Moffett of Alesk, Mrs. Wilson of Winton, Dakota, Mrs. McColl of Gregory, S.D. The sympathy of the entire district is with the bereaved relations in their sad affliction.

MAKING THE CHILDREN PAY

Just what war means to Austrian children is disclosed in a report published in the Arbeiter Zeitung of Vienna. Of children of school age more than one-third are engaged in some kind of work, in some district all such children are at work. Out of every 100 children from 6 to 8 years of age 18 are at work, from 9 to 10 years 35 great work, between 11 and 12 years, 50; between 13 and 14, 52. Saddest of all is the fact that two-fifths of these children have been working from the time they were five or six years of age. Another startling fact is that 95 out of every 100 children it work were employed steadily during the school year as well as during holiday periods. Fifty-two weeks each year marks the employment of three-fourths of the child workers and much of the work is performed at home with the parents. Night work claims about one-fourth of the toilers. Even Vienna sees the crime that is being committed against its own flesh and blood and is considering legislation that will prohibit child labor before the age of twelve except on farms and in the household. One who lives in civilized lands where human beings are not regarded as beasts of burden can see great hardships in even the new rulings.

W. M. Sander of Lafaine is in Calgary this week attending the Fat Stock Show.

H. Desmond of Exeter received the 3rd intelligence that his son Gerald is seriously ill in Vugreville, Alta.

THE BOYS AT THE FRONT (By John Smale, aged 14 years, London.)

Oh! boys at the front, be brave and strong,
And don't do anything you know is wrong.
Tho' the Germans curse you,
God will bless you.
For we know our cause is right,
And we are not sold and true.

Oh! boys be true to the old flag,
For we need you every day,
To help drive the Germans back.
Tho' the Germans be bold and strong,
Are we not bold and true?

Oh! boys that's back from the front,
Tell here all the battle's brunt,
We welcome you home again
And the girls of our
To homes where loved ones await you.

Humor in Advertising

Wanted—A competent person to undertake the sale of a new medicine that will prove highly lucrative to the undertaker.

Wanted—A girl to cook and one who will make a good roast or broil and will stew well.

OYEN POLICE NEWS

On Tuesday of last week, before Justices J. L. Taylor and J. W. Scott, Herbert Ashton, whose home is in Saskatoon, was charged with stealing a saddle pad and bridle, value about three dollars, from Mr. Albert Bakken, of Excel. It seems that Ashton had been working for Bakken for the past few months, and on Monday last left without telling Bakken he was going. He took the saddle pad and bridle, but claims that the pad belonged to his George, who had also been staying with Bakken. George Ashton had bought a saddle and bridle from Bakken a few days previous and claimed that he got the pad with the saddle. Bakken denies that he sold the pad and says that it was stolen. The offence was very contradictory, and the magistrates, after due deliberation, discharged Ashton, and divided the costs of court between the two parties. Mr. B. C. McLean acted for the defendant.

Father Christmas Visits

Freeland's Store

Father Christmas, the well-known guest which is so welcome at this festive season, has certainly left a fine selection of toys and other gifts suitable for old and young, boys and girls, men and women. Visit this store early and look over this wonderful assortment of toys and presents. You will be delighted.

DIXIE JUBILEE CONCERT SATURDAY, DECEMBER 14

The programs presented by the Dixie Jubilee Singers are the greatest successes ever presented by a jubilee company. They draw from a fine repertoire of music rich in harmony and varied in selection. They are replete with choruses, quartets, trios, duos and solos sung by the master voices of the Dixie Jubilee Singers. Keep the date in mind on Saturday night in the Oyen Opera House.

Parents' Day.

Entertainment given by School Children.

The children of the Oyen Day School will give an entertainment in the new school building on New Year's Day, when all the parents and others interested are cordially invited to be present. After the entertainment those present will have a chance to look over the fine new building.

MORTGAGE SALE OF FARM PROPERTY

UNDER and by virtue of the Powers of Sale provided by the Land Titles Act, under a certain mortgage which will be produced at the time of the sale.

There will be offered for sale by public auction at the Post Office in the Village of Oyen, in the Province of Alberta, on Saturday, the 6th day of January, 1919, at the hour of 2 o'clock in the afternoon, the following property, namely: The South-west Quarter of Section Thirty-two (32), Township Thirty (30), Range Four (4), west of the Fourth Meridian.

Terms of the sale to be 20 per cent. cash at the time of the sale, and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save taxes for the current year.

The Vendor is informed that the above property is situated about seventeen miles from Excel.

For further particulars and conditions of sale, apply to J. J. Kelly, Barrister, etc., Oyen, Alta.
DATED at Calgary this 6th day of November, A.D. 1918.

J. J. KELLY,
Vendor's Solicitor.
APPROVED:
W. Forbes, Registrar.

NEWS FROM SERGEY

ALEX. McDONALD

Dear Brothers:

I guess it is about time I was writing again. I am back in Burton again and would have been on the water now if peace had not been declared. But that upset everything, the whole country went crazy and I don't blame them.

Everything is in a muddle here now, I don't know what they will do with us. There is no need for them to ship instructors to Canada now, so I think we will stay in this country, probably go back to our reserves, and for my own part I would just as soon stay here for the winter and go back with the bunch. Nobody seems to care what happens now, the main thing is that the war is over.

I suppose mother will be glad it is over, there are certainly a lot of happy people in this country. I was in London when they got the word and you would think they had all gone batty. I didn't think you could get so much life out of a bunch of Englishmen.

Well, must close now. Write as soon as I find out what we are going to do. Give my love to mother and tell her it won't be long till I am home, whether they send us on now or with the band.

Your loving brother,
ALEX.

Appeal for Intercession

Civilians From Prison Camps
Are Asked to Plead for Germany

Hull, Eng. — British civilian prisoners arriving here from Rumburg, Germany, say that when they were leaving the prison camp there, a long written document was handed them by the Germans appealing to them to intercede with the British people in behalf of the people of Germany, who "have freed themselves from the chains of a barbarous system, and not hold the Germans responsible for the deeds of their former autocratic rulers, who are now utterly powerless."

Minard's Liniment Cures Garget in Cows

Germany Cannot Export Goods
Amsterdam. — The German government has been informed, according to a Berlin despatch, that England will permit the export to Sweden of unquestionable raw materials, such as coal, potash and salt. The export of manufactured goods, however, is forbidden.

Miller's Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomachs feel no inconvenience from their use. They are recommended by themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

Prisoners of War Come Home First

Ottawa. — Immediately after the declaration of the armistice, the minister of militia took prompt measures to ascertain, and if possible, expedite the procedure respecting the return of prisoners of war. Information has now been received that prisoners, on repatriation, will at once receive necessary issue of clothing and be granted leave of absence if desired. They will then be given priority with respect to return to Canada, if such is their desire, as soon as they are judged medically fit to travel.

Foch Renounced Great Victory

Entire Hun Army Would Have Quit in Few Days

London. — The British war correspondent of the British wireless service at headquarters in France says that when the German despatch came to see Marshal Foch with regard to the armistice, the marshal, as well as the British high command, knew perfectly well that a few days more—the marshal put it at ten days at the most—"would have seen the surrender of the entire German army into his hands and the culmination of the greatest victory of all ages."

"The marshal," says the correspondent, "renounced that great victory deliberately and with his eyes open, because continuation of the struggle must have cost a certain number of French and British lives, as he could not have it on his conscience to sacrifice one life after it was in his power to make peace on terms of victory."

RICH, RED BLOOD RESISTS INFLUENZA

Its Victims Are Largely Among
Weak, Anemic People

In the epidemic of grippé, or influenza, that has swept over Canada, in coming with the rest of the world, it has been noticeable that the victims are largely weak, anemic people whose power of resistance is greatly weakened by the watery condition of the blood. When a person is strong, hearty, and able to enjoy a little cold, chills and infections are set at defiance. But when the system runs down, when the nerves are shaky and the blood watery, the terms of influenza are accepted, and they seize their opportunity. It is therefore good policy to keep the blood always rich and strong, and the best way to do this is by taking such a reliable tonic as Dr. Williams' Pink Pills. People who take these pills from time to time gradually learn to resist colds, influenza and other ailments, and enjoy good health while many about them are weak, ailing and miserable.

To those who have been attacked by influenza, the after effects are more dangerous than the attack itself. They are left at the mercy of colds and complications. There is a persistent weakness of the limbs, a loss of energy, a tendency to perspire, poor digestion and a tendency to catch colds. If you have been attacked by influenza, you will find it well to take Dr. Williams' Pink Pills. They reach every organ and every nerve in the body, and the lingering effects are driven out, the appetite is invigorated, the blood is purified, and the one thing needed to restore you to full health and strength.

If you have been attacked by influenza, you will find it well to take Dr. Williams' Pink Pills. They reach every organ and every nerve in the body, and the lingering effects are driven out, the appetite is invigorated, the blood is purified, and the one thing needed to restore you to full health and strength. Norway Asks For Compensation

Would Requisition 280,000 Tons Seized by the United States

Christiania. — The Norwegian press is discussing the requisition of 280,000 tons dead weight of shipping under construction or contracted for by the Norwegian account, when the American shipping board invoked the law of requisition.

The newspapers assert that "for the last months Norway has received no damages, no interest and no compensation for the use of the ships," and adds that hundreds of millions of kroner are in the way but withheld from the Norwegian efforts to reconstruct the tonnage which Norway lost in her defenceless fight against the German submarines.

The loss, therefore, it is pointed out, falls upon the whole nation and weakens Norway's future on the seas. After declaring that Norway's sympathies had been with the western powers in the war the papers appeal for an adjustment of the matter.

German Destroyed Ancient Trees
When the Belgian troops broke through the formidable German defenses and occupied the famous forest of Houthulst, they found that that great wooded area had been destroyed. Not a single tree was left standing throughout the vast domain.

Houthulst forest dates historically from the ninth century. It extended from Dismude to Ypres and covered two hundred square miles. Throughout the entire region, after destruction prevailed, the charred stumps of trees extending for miles over the blackened landscape.

Not Few Found of Little Use

Against German Submarines

London. — The Times' naval correspondent states that the Dover barrage has been removed. The stories of the Dover patrol are many and varied, and are nearly all centered on the system of defence set up between the shores of France and England to guard that entrance to the channel.

The object was to prevent the entrance of enemy submarines, a difficult business, as it was necessary to keep the passage partially open for merchant shipping traffic that also were found to be of little use and in 1917 a force of mines and other devices was first up and was constantly guarded by armed trawlers and drifters.

Homeward March

Of Germans Arduous

Attacked by Polish and Fighting Har-

shipped of Road

Paris. — German troops which have been occupying Russian territory are returning to Germany under great difficulty, according to a despatch from Copenhagen. One detachment of 1,200 men marching from Lodz, 75 miles southwest of Warsaw, were attacked by the Poles, and only succeeded in reaching the German border after undergoing severe hardships.

The German army of 500,000 men is being forced to march homeward through snow and rain. The men cannot use the railroads, because the Russians returning to their own country have taken over all the rolling stock. The Germans are robbing the inhabitants taking flight as the soldiers approach.

Minard's Liniment Cures Diarrhoea

Allied Officers Repatriated

Geneva. — Coming from Constance, 64 allied officers arrived here from German prison camps. Included were many British officers who had been four years in captivity, and several Americans who had been confined in camps in Rhine towns which suffered from the allied aerial bombardments of reprisal.

The reader that takes a hard and disease

disease that nature has been able to cure in

its stage, and that which

greatly influenced by constitutional

capacities requires constitutional treatment

Dr. Williams' Pink Pills is taken internally and

acts through the blood, as it is the basis of the

foundation of the disease, giving the patient

strength by building up the constitution and

restoring energy in doing so. The pro-

gressive stages of the disease are cured by the

use of Dr. Williams' Pink Pills. The

benefits of Dr. Williams' Pink Pills are

shown in the following cases. Address: Dr.

Williams' Pink Pills Co., Brockville, Ont.

A Busy Cattle Market

Winnipeg, Manitoba, continued to

prove that it is the biggest cattle

market in Canada during the month

of October, when 50,000 head of cat-

tles were received into the Union

stockyards, according to figures in-

quiries by the Dominion department of

agriculture. The majority of the receipts

were composed of good

steers, good cows and good stockers.

Failed in Attempt To Wreck Bridge

Another Great Story of Watchfulness
That Ended in Disaster

For Submarine

London. — The Dundee Advertiser publishes details of how the attempt of a submarine to blow up the Dundee bridge on St. Andrew's was frustrated. An alarm observed a large submarine lying on the sandy bottom of the river near Dundee. An alarm was immediately given and the numerous mine sweepers and destroyers were soon in the region. The wire ropes of the sweepers struck their mark and a depth of 100 fathoms was immediately lowered. Then a patrol boat dropped a very heavy charge, that exploded with tremendous force. Oil and wreckage arose subsequently to the surface and divers afterwards found 13 of the crew in the wreck, badly mangled and dead, while pieces of bodies were picked up on both sides of the river. Two guns and a machine gun were found. The wreckage of the bridge was saved as now on exhibition in Dundee.

By Keeping the

Liver Right

The Health of the Vital Organs Is

Maintained and Serious Dis-

ease Is Avoided

Branden, Man. Dec. 11.—The secret of health in the home is found in keeping the liver, kidneys and bowels in healthful working order. The liver is usually first to get out of order, and there comes headache, indigestion, dizzy spells and biliousness to make life miserable.

Mrs. Cook tells how they have learned to avoid such discomforts by the timely use of Dr. Chase's Kidney-Liver Pills. As she says in her letter, they could scarcely keep house without them.

Mrs. L. Cook, 248 10th street, Brandon, Man., writes: "I have been troubled and can say I have lived for the last four years for liver trouble, and can say I have lived for great satisfaction and help from using them. I find I don't need any more medicine than I just think they are the thing for me, and my husband uses them for the kidneys and thinks them a great help. He also uses Dr. Chase's Kidney-Liver Pills and finds no equal to it for pills. I just last week and got four boxes of Pills and one box of Cholesterol. My daughter in Winnipeg has used them and found they were just what I needed. We say we can't keep house without them, and that I have shared the doctors here, out of the house, and that they have found I began using your Pills, and I trustfully say I think Dr. Chase's Kidney-Liver Pills are just the thing."
